 - a. The Student Support Services director will review the IEP/504 Plan and psychological evaluation to determine if CCS is equipped to provide educational services.
 - b. Parent will be notified by email within two weeks of paperwork submission with a decision concerning the admissions process.

Testing

All students who apply to CCS are required to undergo a general academic assessment. Testing results are only one important factor in determining acceptance of a student. The primary purpose of testing is to determine if Community Christian School can meet the academic needs of the student. A student's admissions file must be complete in order to participate in the testing process.
