Matt Isendberg | November, 2023 | Head Of School Letters

November 7, 2023

Dear CCS Family,

The time has changed, the leaves are falling, Halloween has come and gone, and I am 7 days late on my monthly message to you! I hope each of you is doing well, and that you can give me some grace with coming to you later than usual. With that said, I am happy to share with you some highlights and information I hope you will find useful in this thankful month of November.

Boosterthon Was a Success!

Speaking of being thankful, on behalf of all 4 of our schools I want to sincerely thank you for supporting our Boosterthon fundraiser this past month. You may already know that we far surpassed our goal of \$30,000.00, and our students had a great time with the activities that went with this year's event. Also, as we communicated throughout, our focus for this year was in updating and enhancing our student computer labs as well as supporting our Development department. I am pleased to say that we have already placed orders for what we need for our EE, ES, and MS/HS labs. Additionally, for having done better than expected we were able to order class ipads for each ES teacher to be used for AR testing. All of this to say that we appreciate your trust in us and plan to show the results in the near future.

Thanksgiving Chapel

We will head into our Thanksgiving break on our November 17th half-day with our annual combined K-12 Chapel. If you have not had the chance to attend one of our combined chapels, let me please personally invite you to do so. It is inspiring to be with our entire K-12 student body in worship. If you have not already seen the information on how to pre-register, please follow the link below. We appreciate your willingness to pre-register for our large volume events like this as it bolsters both our school security plans as well as smooth access for visitors.

Parking Lot Reminder

Continuing along the lines of making things secure, I am asking all of our CCS family and staff members to be mindful of our parking lot traffic patterns and speed limits. Especially in the darkness of morning, it is essential to follow lanes, not cut across spaces, and maintain a 10 mph speed limit. As busy as I know we all are, I appreciate in advance your diligence on this.

Our GEORGIA GOAL is Close at Hand!

Our fall GEORGIA GOAL drive is nearing its end. Many thanks to all those who have participated and helped to spread the word on this great opportunity. If you have not yet acted on your decision to participate in this ultimate win-win proposition for Georgia taxpayers and CCS students, please consider doing so this week. If you need a refresher on the process, please click [here](#).

3 Great Events This Week

In conclusion, I would like to extend an invitation to you to join us for three wonderful events at CCS this week. First and foremost, today marks the start of our 23-24 Knights basketball season with an exciting kick-off game. We encourage you to show your support by wearing your finest Knight's attire and cheering for our dedicated teams. Additionally, this Friday, November 10, we have a special Veterans Day breakfast planned. Following that, you can also enjoy the CCS Talent Show, where you can cheer on our talented students. For more details on the schedule and locations of these events, please visit our website and check our social media updates.

Sincerely,

Dr. Matt Isenberg
